VOLUME CIX.--NO. 94. ALEXANDRIA, VA., MONDAY EVENING, APRIL 20, 1908. PRICE 2 CENTS

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with a leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly period), during room or accompanying an abnormal condition of the digestive organs and Anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

SUICIDE IN WASHINGTON.

Holding a revolver near the transmitter of a telephone, that the sister of his fiancee at the other end of the wire might hear, Edward R. Taylor, twenty-eight years old, a Washington saloon keeper, fired six shots. In the last shot a bullet pierced his brain, killing him instantly,

The shooting occurred at 8:48 o'clock last night, in the hallway of Taylor's apartments, over his saloon, at 101 H street southeast. It was the result of difficulties with his fiancee, Miss Regina Georgius, eighteen years old, living at 1919 Pennsylvania avenue northwest.

For nearly a year the saloon keeper had paid attentions to Miss Georgius. The course of their lovemaking was smooth until a few weeks ago, when, it is said, Taylor began drinking intoxicating liquors.

Yesterday afternoon he visited the Georgius home, and, according to a sister of his fiancee, had a quarrel because he had been drinking. He went to his home, and from there called up Miss Georgius on the telephone four times. Each time he talked with her and asked her to meet him at Pennsylvania avenue and Ninth street. She refused, telling him to call at her home. Shortly before 8 o'clock he telephoned again and the telephone was answered by George Rouzae, who told Taylor that Miss Georgius had gone out. Taylor said he did not believe it, and asked to talk with her sister, Miss Lillian Georgius. He told the latter to hold the 'phone, and while doing so she heard Taylor discharge the pistol which ended his life.

SUICIDE AT BALL GAME.

With hundreds of rooters looking on in horror, Frank Rusk, a well-known Des Moines baseball fan, swallowed two ounces of carbolic acid and died in agony when the score went against the Des Moines team in its game mith Omaha Saturday afternoon. Rusk's tragic death, in full view of the grandstand and bleachers, caused a panic at the baseball park that resulted in the fainting of several women, while for a time it appeared the game could not proceed. Rusk, it seems, had been having domestic troubles of late, and he was naturally somewhat despondent. He was known as one who never missed a ball game, however, and he was occupying a seat in one end of the grandstand, apparently intently watching the game. The Des Moines team was not at its best, and when the shortstop missed an easy one, Rusk was seen to clinch his teeth as any baseball fan does. Then the Omaha men ran in four runs. Rusk gave a frenzied leap on to the diamond.

"I'm going to end this misery," he shrieked, and raised the poison to his lips.

Thomas Eyman, secretary of the American Button Company, had a paralytic stroke during the baseball game between the Newarks and the New York Giants in Newark, N. J., yesterday.

KILLED BY AUTOMOBILE.

The skidding of an automobile, occupied by three Princeton students and three young women, who were out on a lark, resulted in the death of Charles Balligum, aged eighteen years, of Trenton, N. J., early yesterday morning. The owner and driver of the car was Corwin Nichols, a senior in the university, whose home is in Wilmington, O. He attempted to turn out of the car tracks onto a slippery pavement in the southern part of Trenton, but in doing so the car ran on the sidewalk and crashed into the house of Dr. P. W. Yard.

Balligum, who was returning home, was struck by the automobile and his skull fractured. He was carried in front of the car until it struck the house. He lived only a few seconds. The automobile was wrecked, but all the occupants escaped serious injury. Nichols and his companions were arrested, but were later released on bail.

SHOT BY MANIAC.

Three men are dead and another is fatally wounded as the result of an attempt of peace officers of Warrensburg, Mo., to arrest F. O. Hawes, last night. Hawes, twenty-two years old, son of a Johnson county farmer, was returning home on a Missouri Pacific train yesterday evening from a trip to a neighboring town, and, it is believed, suddenly lost his mind. His actions were noticed by the passengers, and Warrensburg officers were asked to meet the train. City Marshal Ryan and the two watchmen met Hawes as he got off the train and attempted to arrest him. Hawes drew a revolver and began shooting. At the first shot, Marshal Ryan fell dead, shot through the head. Other shots followed, and night Watchman Bashashan fell dead, shot through the lungs. Night Watchman Pollock was shot in the abdomen. Hawes started to run from the station, but was shot and killed by a negro hotel porter.

EXCITEMENT IN A CHURCH.

Fire in historic St. Paul's Episcopal Church, Richmond, yesterday morning, broke up the Easter services and created a panic among the worshippers. The fire started among the Easter decorations suspended above the communion table, and was caused by the crossing of electric wires. A cross and crown fell upon the table, necessitating the hurried removal of the communion service. Fortunately the principal part of the congregation had previously been dismissed, but there was much excitement among the woman worshipers. This is the second fire to occur in St. Paul's within the last year. This is the church in which Gen. Robert E. Lee worshiped, and in which President Jefferson Davis was seated when he received the news of the evacuation of Richmond.

Shake off the grip of your old enemy, Nasal starrh, by using Ely's Cream Balm. Then will the swelling and soreness be driven out of the tender, inflamed membranes. Cleanliness, comfort and renewed health by the use of Cream Balm. Sold by all druggists for 50c, or mailed by Ely Bros., 56 Warren street, New York.

SIXTY-TWO delegates to the republican national convention to be held in Chicago on June 16 were chosen last week. Five hundred and forty-six delegates have now been chosen—a little over one-half of the membership of the convention, which was fixed in the republican national committee's call at 980. The most notable incidents of the week were the election of 20 Taft delegates in Minnesota, giving Mr. Taft the solid delegation from that state, the election of 10 Taft delegates in Massachusetts and the failure of one more New York district—the 21st—to instruct for Governor Hughes. Of the delegates elected during the week Taft got 38, Hughes 8, Cannon 2, and 14 were uninstructed. Of the 546 delegates so far named 256 are either instructed for Taft, committed to his support by resolutions of indorsement or preference, or have publicly announced in connection with their election their intention to vote for him at Chicago. Sixty-four are for Knox, 52 for Hughes, 46 for Cannon, 32 for Fairbanks, 25 for LaFollette and 71 are uncommitted. Contests in which presidential preferences are involved are being made for 32 of the 546 seats. Secretary Taft has the support of 47 per cent. of the delegates so far elected. The "big stick" so mercilessly wielded by President Roosevelt is driving off opposition to his candidate, Secretary Taft, and it now seems more than probable that the latter will secure the nomination without much more trouble.

DR. DAVID T. DAY, the well-known scientist of the U. S. Geological Survey, who lays his splendid health at the door of the pineapple storehouse, and advises all who can to follow his example and be well, says:

If you are a perfectly healthy person and wish to remain so, drink pineapple juice. If you are ailing a bit and wish to recover your digestion and spirits drink pineapple juice. If you have one foot in the grave and are a nervous wreck from the attacks of dyspepsia, drink pineapple juice. It is the grandest tonic that nature has yet offered poor man, and is even better as a weapon against old age and decrepitude than the sour milk diet that has made the Bulgarian peasants the longest lived people on the face of the earth.

Some suspicious people may say that Dr. Day is "standing in" with the fruit trust which is just now bringing thousands of pineapples to this country for sale, but even if he is (and of course he is not) the curative and health giving properties of this delicious fruit can be attested by all who eat it.

MANY PEOPLE who read about the great mountain of anthracite coal revealed by a landslide near Alberta Canon, in the Canadian Northwest, were doubtless surprised at this report, and many may question its accuracy. There is good reason, however, to accept it at face value. Geological surveys conducted by the Canadian government and various private parties have disclosed the fact that, on the eastern slope of the Canadian Rockies in the province of Alberta, there exists an undeveloped coalfield probably much larger than the entire state of Pennsylvania. Should only a fraction of the deposits prove to be high grade and accessible, the vast northwestern districts of both Canada and the United States would be greatly benefited. In combination with the enormous water power of mountain streams out there, the coal supply may, at some not distant day fill those grain cattle and timber lands with flour mills, packing houses, canning factories and lumber mills.

THE new marriage law of the Catholic Church went into force in this country yesterday—Easter Day. It is said to be the most drastic ecclesiastical law ever promulgated since the Council of Trent. No matter what the customs have been in the past or how long standing, the new law abolishes them absolutely. The engagement feature is one of the most interesting, as every betrothal must be in writing and attested. By bishops and priests are confined to the limits of their diocese and parish; special provision is made where a priest cannot be secured for one month. Just at the time when marriages and marriage vows seems to be regarded more lightly than ever before by so many people, the Catholic Church, the best disciplined of all the churches, steps in and very properly puts its ban upon the growing evil and lays down strict regulations for the observance of one of God's most holy ordinances.

IT IS evident from the returns of immigration that the people of Europe are familiar with existing industrial conditions in this country. During last March the arrivals at Ellis Island were 100,000 less than in the corresponding month of last year, or, in exact figures, 23,326, against 124,968. Of these newcomers 19,000 came to their relatives and 3000 to their friends, which leaves an extremely small fraction for the National Immigrant Aid Bureau and its official retinue in Washington. It is predicted that for the present month there will be another decline of not less than 100,000 from the immigration of April last year. But when there is a revival of industrial activities the tide of immigration will flow again, though not probably in as great a volume as in the last ten years.

YESTERDAY was the 47th anniversary of thrilling scenes in the city of Baltimore, the result of an attack by people of the monumental city upon the Sixth Massachusetts Regiment. Several of the soldiers were killed and a number of Baltimoreans were killed and wounded during the fighting in the streets. The Massachusetts soldiers were on their way to Washington when attacked. At that time there was a pro-southern sentiment in Baltimore, as well as in other parts of Maryland. It proved to be short-lived, however, although numbers of Marylanders enlisted in the southern army.

Washington, D. C., April 20.

Friends of Judge George Gray of Delaware are today sending broadcast, to persons of influence throughout the country, one of the neatest little biographies in book form, that was ever printed. Accompanying the volume is a less pretentious pamphlet, reciting arguments as to Judge Gray's fitness, the Roosevelt administration and the opportunity for democratic success, if Judge Gray's name leads all the rest.

Direct testimony as to bribery by one of the defendants in the Hyde-Benson-Dimond Schneider land fraud conspiracy case, was given today by Woodford D. Harlan, formerly chief of the special service division of the land office. Harlan testified that at different time from 1898 to 1902 he had received certain sums of money from Benson, in return for information which he had furnished concerning the creation of forest reserves, and also for work in expediting applications for land sent to the landoffice by Benson.

A conference relative to the government prosecution of the Standard Oil trust, under the Sherman act, was held at the Department of Justice today between chief trust buster Purdy and Frank B. Kellogg, in charge of the government's case. Later Kellogg saw the attorney general. The taking of testimony by the government before a commissioner has been completed. The Standard is preparing to begin the firing of its big guns.

When Representative Vreeland (rep. N. Y.) appeared before the House committee on banking and currency today in advocacy of his currency bill, designed by republican House leaders as a substitute for the Aldrich measure, he was loaded to the brim with amendments to his own bill.

Another victory for the federal courts over State courts in state railroad rate cases was registered today in the Supreme Court of the United States, when that tribunal refused to require the federal court in Nebraska to send back to the Nebraska state court a suit which the state had begun in the state court to enforce its interstate railroad rate laws.

The various pension agencies of the country will not be abolished this year as proposed in the pension appropriation bill passed by the House. The Senate committee on pensions today voted unanimously to retain these separate agencies rather than to concentrate the payment of pension vouchers in the Washington office.

Unofficial reports received here from La Guayra indicate that the Venezuelan port is in the grip of of a plague, which is rapidly assuming alarming proportions, despite the fact that no official announcement has been made by the government authorities. Whole families are being stricken. The hospitals are over-crowded and the death list, already large, is constantly growing.

The president today re-appointed Frank Wyman postmaster at St. Louis. Wyman's renomination had been opposed by the three Congressmen from St. Louis.

A number of Alexandrians were here today to spend the Easter holidays and to see the little ones enjoy the egg-rolling festivities on the White House grounds.

This is "egg-rolling day" at the White House. All the children in town appear to be enjoying themselves on the broad lawns and the throngs of grown-ups that are watching the games seem to be having just as good a time. On the Monday following Easter presidents for many administrations have been in the habit of inviting the youngsters to take possession of the White House grounds between the hours of 9 a. m. and 1 p. m. Grown persons are not admitted unless they are accompanied by children under twelve and a score or more of enterprising tots are doing a land office business hiring themselves out at 5 or ten cents a trip to pilot gentlemen and ladies past the policemen at the gates. The Marine Band was on hand early and played patriotic airs for the children. In the afternoon the band will give a concert for the older folks on the ellipse south of the White House grounds. The president and Mrs. Roosevelt and a number of invited friends witnessed the fun from the south porch.

NEGRO SHOT BY GIRL.

In defending herself yesterday, Miss Ellen Quarterman, the fifteen-year-old daughter of a prominent merchant, who lives in the suburbs of Thomasville, Ga., engaged in a gun duel with a negro, and wounded him. Miss Quarterman was alone, the family being at church, when the negro entered the house and seized her. The girl broke away, ran into an adjoining room, procured a shotgun, and opened fire. The negro ran to the yard and returned the fire with a pistol. He shot three times, the bullets going through the girl's dress. She retreated to the house, and, resting the gun in a window, fired again, and the negro dropped. He soon rose and made off. Miss Quarterman gave the alarm, and posses are trailing the negro with dogs. Blood has been found in several places. The members of the posse say the negro will not be turned over to the authorities.

HOUSE.

After a verbal love feast between Speaker Cannon and Minority Leader Williams today, Dalzell, of Pennsylvania, called up for consideration his new rule that every day in the House for the next few days be suspension day and that bills called up under this privilege can be passed by a majority instead of a two thirds vote as required under the rules.

When the House convened, Mr. Williams made a statement that he was not angry last Saturdy evening when he refused to take the speaker's proffered hand after the speaker had disregarded his demand for a division of the adjournment motion.

Speaker Cannon replied that he meant to do nothing out of the way and that he had a right to disregard the demand on the ground that it was dilatory.

Mr. Dalzell, in calling up his new rule, said:

"You can be very sure that the majority in this House is going to find a way to pass the private and special bills in which gentlemen on this side of the House are interested. This rule provides the way. As to the number of private bills you democrats will have passed, I leave that to your imagination. There will not be many if any.

When Mr. Dalzell called for the previous question on his new rule, Mr. Williams began with "I ask for the ayes and nays for fear—"

But the speaker interrupted him peremptorily with, "the gentlemen is within his constitutional rights which no one will ignore."

The roll was then called on the adoption of the previous questions and the new rules were adopted.

CONGRESSIONAL.

In the Senate on Saturday the District of Columbia appropriation bill was reported.

During the further discussion of the diplomatic bill several speeches were made criticising the display of wealth by American diplomats abroad.

The diplomatic and consular appropriation bill was passed. It carries $3,520,283.

The closing of Saturday's session of the House was marked by stormy scenes. Speaker Cannon, despite the protests of Mr. Williams and refusing to entertain a demand for a division or a motion of any kind from him, declared the House adjourned until Sunday at noon.

The Speaker left the chair immediately after letting his gavel fall, and with a smile walked toward Mr. Williams to say something to him. Mr. Williams, however, was so incensed that he refused to converse with him.

A number of democrats were severe in their denunciation of the Speaker's action.

Mr. Williams said the action of the Speaker was an outrage, but the latter said he had acted under the rules.

The House met yesterday at noon for the delivery of eulogies in memory of the late Representative Smith, of Illinois.

BURNS WINS AGAIN.

Tommy Burns, the American heavyweight pugilist, knocked out Jewey Smith, the South African boxer, in Paris, Saturday night, in the fifth round of what was scheduled to be a ten round bout.

The meeting of Burns and Smith was the biggest affair of the kind ever held in Paris, where something of a craze for boxing exists at present. It was witnessed by a big crowd, who paid high prices for their seats.

Almost a panic was caused at the end of the third round when a photographic apparatus exploded, settling fire to the flags and decorations. Scores of the spectators leaped to their feet, but they were prevailed upon to remain in their places and the fire was speedily extinguished.

LETTER TO J W EMMERT & CO

Alexandria, Va.

Dear Sirs: We make Devoe, and of course, know what there is in it; but you don't, your neighbors don't, and the people don't. So we get the official chemist of every State in the Union to analyze it and tell what he finds; of course they find what we put in: lead, zinc and oil, a little turpentine dryer, and color for tints. And that's paint. Every agent has the analysis of Devoe by his State chemist.

We also analyze all other paints, and what do we find?

We find eight made of the same materials as Devoe: all paint; pure paint. But we find no one of the same proportions as Devoe no one so strong.

And people are trying Devoe alongside of these other paints, and finding out how they work: what it costs to paint Devoe; what it costs to paint those several paints; how they wear alongside and comparatively.

There's do guess-work in any of these results. A gallon Devoe goes further than any other gallon in all paint; it therefore saves both parts of first cost of a job, of paint and labor. It makes the best job of the lot, besides. It takes years and experiences by the thousand to find that out.

Yours truly,

F W DEVOE & Co.

Today's Telegraphic News.

Turkey Yields to Italy.

Rome, April 20.—The Turkish ambassador notified the Italian foreign office today that the sultan has yielded to King Victor's demand for authority to open Italian postoffices in Turkey, a privilege enjoyed by all other foreign powers.

On the strength of the sultan's surrender orders for an Italian squadron's departure for a demonstration in Turkish waters were countermanded for the present. Formal orders for the fleet to sail were being prepared when the Turkish message was communicated to the foreign office. The demonstration is still a possibility for the near future, as the postoffice question is but one of a number concerning which differences exist between the two governments.

The kaiser's recent trip through Italy, his conversations with King Victor, the fact that he is still at Corfu, near the scene of the threatened trouble, and German Chancellor Prince Von Bulow's arrival in Victor's territory but a short time ago, has led to the suspicion among politicians that Germany is backing the Italians in their present plans. Foreign diplomats, judging from dispatches from Rome and other European capitals, are somewhat apprehensive that the fatherland may count on a disturbance into which it may be able to force itself as arbitrator, gaining important advantages for itself in Turkish territory.

Another rumor is that the Italian fleet may be joined by a French squadron, the Paris government being at outs with the sultan over the latter's attempt to regain control of mines in Asia Minor in which French concessaries claim a $15,000,000 interest.

Protest Against Japan.

Hong Kong, April 20.—Leaders of British commercial interests in the orient are arranging for a quiet meeting here soon to formulate a protest to the home government against the Japanese monopoly of all opportunity in Korea and Manchuria. It will be represented that the mikado is using the Anglo Japanese treaty to damage English commerce to an extent vastly greater than that from which any other power suffers, though it is agreed that all are being sacrificed to Japanese greed. London will be asked to make strong representation to Tokio concerning what will be openly termed the latter government's treachery to its ally, and representatives of heavy interests here do not conceal the hope that there may be a break between the two countries as the only means of protecting them from the islanders' political and commerical trickery. It will be conceded that the Japanese press is probably right in charging British in the east with encouring China's anti-Japanese boycott. The measure will be defended as a legitimate retaliation for the treatment the English has suffered from Japan.

Insurgents' Attempt to Wreck Train

Tokio, April 20.—The Korean insurgents attempt to wreck the Seoul train on which Marquis Ito was a passenger yesterday has brought an order from the mikado to the Japanese at the head of affairs in the hermit kingdom to stop at no extremity to restore order.

Instructions have also been given to the military authorities at home to hasten reinforcements for the army in Korea and for the mobilization of additional bodies of troops for use in case those now on the scene or about to leave for Korean territory fail to accomplish their mission.

That Marquis Ito's assassination was plotted is considered certain. His train escaped disaster by the merest accident. Whole batches of reports are received daily or murders of lone Japanese in the southwest, where the rebels are gaining constantly in numbers and boldness. In the north, where the Japanese are in control, the natives are fleeing in large numbers across the boarders into China, charging dreadful cruelty and oppression by the mikado's forces.

Labor's Demands.

New York, April 20.—The eyes of union labor today are fastened upon Washington, and until Congress adjourns the national legislator will continue to be the center of interest to workingmen throughout the country. The workers want to know what will be the answer to their demands upon Congress as voiced at hundreds of monster meetings held in every city where labor is organized.

Union labor went so far yesterday as to threaten political death to every representative and senator in Congress who fails to meet its demands concerning legislation.

Chicago, April 20.—Local labor leaders today say the union labor vote of Chicago will be in the van of any movement for the formation of a national labor party. At the union labor meeting yesterday resolutions were adopted calling for individual and collective political action in favor of such candidates in the national elections who will give unequalified support to the demands of labor.

Mr. Bryan in New York.

New York, April 20.—Momentous in the extreme will be the visit to this city of William Jennings Bryan who reached here from Utica this morning. Today he is conferring with leaders of his party as to the present status of the state organization.

Mr. Bryan went to the Manhattan Club where he was the guest at breakfast of Col. Henry Watterson, of Louisville. This afternoon he will lunch with Judge Augustus Van Wyck at the Hamilton Club in Brooklyn. Mr. Bryan is quoted as saying: "I am not in a position to discuss the recent state convention of the party as I am unfamiliar with conditions at present. I have not discussed the proposition to abrogate the two-thirds rule at the Denver convention and all statements to that effect are untrue. I did not discuss that matter with anybody." Mr. Bryan positively declined to discuss either Murphy, Connors, or McCarren.

Exterminating Outlaws.

St. Petersburg, April 20.—Beating off thousands of Kurds with repeated cavalry charges and storms of lead from their machine guns, the 5,000 Cossacks sent into the Persian mountain south of the Aras river have completely scattered the outlaw forces and begun hunting down the broken bands in their highland fastnesses.

The 1,000 reinforcements which experienced so much difficulty in crossing the flooded Aras river joined the vanguard shortly after the Kurdish route and has joined in the pursuit. A strong Persian force is also marching from Tabriz to aid in exterminating the outlaws, though it is doubtful if they will arrive before the Russians made a clean sweep of the region.

Reports of the fighting are very meager, but it is believed the Kurds have suffered heavy losses and that the Cossacks were also badly cut to pieces.

D. A. R.

Washington, April 20.—From the platform on which President-General Mrs. Donald McLean today called the seventeenth annual congress of the Daughters of the American Revolution together, 1,500 indescribable new Easter bonnets were melted into one rainbow-hued whole, and, as applause swept through the audience, the color effect was something startling. Mere men reporters accustomed to face without a tremor the thrills of life in a large city, gripped their pencils tighter, and blanched, in an effort to adequately do justice to the scene. The annual D. A. R. convention is more than a mere episode in Washington life—it is an institution. It brings to the capital the cream of American womanhood, women distinguished by birth, beauty and brains. The present congress is especially noteworthy, because the number of delegates is nearly twice as many as heretofore.

There are several important subjects scheduled for discussion. Bitterly contested elections are expected, in choosing ten new vice-presidents general, and the various State regents. The project of issuing from $100,000 to $200,000 in bonds to complete Continental Hall, the splendid new headquarters of the organization here, while supported by many, is viewed by disfavor by a large number of the delegates. A warm debate is promised when the question of continuing the practice of loaning out the hall, rent free, to various other organizations is brought up.

United States Steel Company.

Hoboken, N. J., April 20.—There was no trouble at the annual meeting of the stockholders of the United States Steel Company here today, and the report that a committee of stockholders would attack the present administration proved unfounded. There was but one ticket in the field for election, composed of the present board, and all were re-elected in a hurry. The usual motion was carried confirming all contracts, purchases and acts by the management during the year and especially the purchase of the Tennessee coal, railroad and iron company properties.

Accident to Tank Steamer.

Halifax, N. S., April 20.—The steamer Columbian, of the London-Boston line, has been sighted off this harbor with the tank steamer Burgomeister Petersen in tow. The latter has a dangerous list to port in evidence, but it has not yet been signalled what the trouble was. The Burgomeister Petersen in command of Captain Hackfield, sailed from Shields on March 24 for Philadelphia with a full cargo of oil and naptha.

Death of Henry Chadwick.

New York, April 20.—Henry Chadwick, known as the "father of American baseball," died at his home in Brooklyn this afternoon after a brief illness with pneumonia. Chadwick was born in England 83 years ago. He was a younger brother of the late Sir Edwin Chadwick, the eminent sanitary philosopher of England. His father, James Chadwick, was editor of the Western Times, published at Exeter, England.

New York Stock Market.

New York, April 20.—Many commission houses reported moderate amounts of buying orders received over the holiday interval, and the appearance of this demand, coupled with an absence of supply around recent prevailing prices, gave the stock market a strong tone all through the first hour. The movement of stocks in which there was a fair speculative interest were quiet.

A distinguished committee of diplomats called on Cardinal Gibbons in Baltimore today and extended his eminence an invitation to deliver the invocation at the laying of the cornerstone of the Pan-American Peace Palace in Washington on May 11. The cardinal said he would accept the invitation. President Roosevelt, Secretary Root, Andrew Carnegie and the Brazilian Ambassador will speak at the laying of the cornerstone.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I brought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. F. Creighton and Richard Gibson.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain balm. You are certain to be pleased with the relief which it affords. For sale by W. F. Creighton and Richard Gibson.

OFFERS TO WITHDRAW CHARGE

George W. Tyler, husband of Mrs. Rose Tyler, who is charged with committing bigamy in marrying James Hudson in this city eight months ago, has submitted a proposition to her which gives her a chance to escape prosecution on the bigamy charges. He agrees to withdraw the charge if she will pay the cost of a divorce proceedings and take the couple's three youngest children and care for them. Mrs. Tyler has given no reply to this proposal, deferring her decision until she can talk with her lawyer and members of her family. She was visited in jail at Rockville, Md., Saturday, by James Hudson, husband No. 2, who declared that he has made up his mind to stand by the woman and marry her just as soon as he can do so legally. Commonwealth's Attorney Brent announced today that proceedings against the woman for bigamy would be abandoned.

Mr. Brent today sent a telegram to Gov. Swanson recommending the withdrawal of the requisition papers, as the Commonwealth's Attorney is convinced that Tyler is anxious to use the Commonwealth for his own purposes.

ALLEGED FORGER.

Mr. E. F. James, cashier of the Round Hill Bank, was in this city Saturday looking for a man who had given his name as J. W. Bledsoe, jr., of Alexandria, and who is said to have passed a forged check on the bank bearing the name of E. V. Register of this city, presiding elder of the Washington district of the Methodist Episcopal Church South. The check was for $25 and was drawn on the Citizens' National Bank of Alexandria. An examination revealed that Rev. Mr. Regester's name was improperly spelled and that the signature was a poor imitation. Chief Goods secured a description of Bledsoe and the police are endeavoring to locate him.

FIRE.

A fire occurred about 7 o'clock Saturday night in a tenement house in Pulman's Court, bounded by Prince, Duke, Columbus and Alfred streets, but the flames were extinguished by the fire department before any material damage was done. The fire was caused by the explosion of a bottle of coal oil which someone had placed on a heated stove. The house was occupied by colored people.

The Reliance engine, while responding to the alarm, narrowly escaped colliding with a street car at the intersection of King and Patrick streets.

FOOT CRUSHED.

Fowler V. Lillard, a freight brakeman on the Southern Railway whose home is at Laurel Mills, Va., lost his left foot yesterday as the result of an accident on the line of the Bluemont branch of the Southern. The young man's foot was caught between the bumpers of two freight cars and so badly mashed that amputation just above the ankle became necessary. He was placed on the engine and hurried to Alexandria. The operation was performed at the Alexandria Hospital by Dr. William M. Smith, the railway company's surgeon.

FUNERAL OF CAPT. RANDALL.

The funeral of the late Capt. E. S. Randall, who died Friday at his home in Washington, took place yesterday afternoon from the chapel of Lee's undertaking establishment in that city. The services were conducted by Father O'Connell, pastor of St. Vincent de Paul's Church. Among the honorary pallbearers were Messrs. Park Agnew and W. M. Reardon, of this city. The chapel was crowded with friends of Capt. Randall. There were many beautiful floral tributes. The interment was in Holyrood cemetery.

PRIMARY ELECTION TOMORROW

The saloons will not be compelled to close for the primary. The candidates for council are: Messrs. Howard W. Smith, R. D. Brumback and Carroll H. May. Alderman W. W. Ballenger, the present incumbent, will be opposed by Mr. Harrie White.

DISGUSTING SPECTACLE.

About half a dozen dead rats were scattered yesterday on Royal street, between King and Cameron, where they had been killed early in the morning by dogs. The rats were trapped the night before They presented a disgusting appearance, especially after having been run over by several vehicles. Up to 2 o'clock today they were still there, much to the disgust of the business men and others who use that thoroughfare.

Money can be saved by buying your Shoes at Marshall's, 422 King street.

EASTER.

Easter Sunday dawned clear and bright and mild, but soon the skies become overcast and cloudy. No rain fell, however, and by the middle of the day the clouds dispersed and a more beautiful afternoon could not have been desired. The churches at all the services were largely attended and many people were on the streets while many enjoyed walks in the surrounding country. In the churches the glad anthems of Easter were sung and the lessons of the resurrection of the Saviour read and preached. The musical programmes published in the Gazette last week, were admirably rendered and greatly enjoyed by the large congregations. The afternoon was a most prosperous occasion for the display of spring suits, spring hats &c., and was taken advantage of by all fortunate enough to be in possession of them.

BEAUTIFUL EASTER ON THE RIVER.

Yesterday morning the sun came out brightly and many took advantage of the day in trying their yachts—both steam and sail. Up to 11 o'clock the wind was light, but after that hour a strong northwest wind made the river very disagreeable, so much so that numbers who sailed down the river had to return by electric train, while others remained down all night, returning this morning.

SUNDAY SCHOOL CELEBRATIONS

Easter Sunday, yesterday, was a gala day for the children of several of the Sunday schools of this city and right happily did they enjoy the festivities.

The celebration at Grace Church was held at 9:30 o'clock in the morning and was largely attended. Mr. Jamieson, a student at the Theological Seminary, made an appropriate address and the exercises by the children, including recitations and the singing of the carols, were greatly enjoyed. A number of premiums were presented. The Easter offering amounted to $73.

The celebration at Christ Church was held at 4:30 o'clock in the evening. The children gathered in the Parish Hall and in classes. Each class bearing a pretty banner, marched to the church and took seats in the centre pews. The emblem was a beautiful banner, each class presenting a section, producing a lovely effect. The exercises were very largely attended and were greatly enjoyed. An address was made by Rev. W. J. Morton and the children rendered the carols in excellent manner. The distribution of prizes was an interesting feature. The offertory for the year amounted to $205 which included the Lenten offering of $77.

At St. Paul's Church the children formed in classes in the chapel at 5 o'clock in the evening, and with banners waving marched into the church. In the church was a beautiful beacon tower from which glowed an electric light. Across the tower there had been connected an anchor and it was filled in with flowers by the classes, making a lovely floral piece. The exercises consisted of an address by Rev. P. P. Phillips, the singing of carols and the distribution of prizes. The Easter offering amounted to $123.36, including $14 from the class of Chinese who attended the Sunday School.

EASTER OFFERINGS.

The Easter offering at Christ Church yesterday morning was for missions and amounted to $130 68.

In St. Paul's Church the offering was for the benefit of the improvement fund and amounted to $253.

The offering at Grace Church was for the new altar fund and amounted to $289.

Large offerings were made in many of the other churches yesterday for church work generally.

EASTER MONDAY.

The weather today has been fine—almost ideal for Easter Monday. The younger generation observed a general holiday, while many of their elders entered into the spirit of the occasion. Large numbers of people enjoyed an outing during the day amid nature's surroundings. The little ones romped, skipped, rolled eggs and engaged in picknicking.

Large Thumbs.

"People of great strength of character, who are guided by the head rather than the heart, have large thumbs," says Irving R. Bacon. "Whenever you see a person with a strikingly large, well developed thumb, you may be almost certain you have before you one who is a natural born ruler, eminently practical and fond of whatever is useful. Wherefore also he is fond of history. A large thumbed woman may fall in love as deeply as her small thumbed sister, but will not marry unless she can see a sufficient bread and butter supply ahead. But she is more apt to be a real helpmate when adversity comes."—New York Journal.

The Only "Merrymaking."

The school record kept by an old time teacher of "No. 6" in a New England village contains at least one item which moved a chance reader to smiles. It is this:

"Special honor badges were given to Flora and Minetta Lovett for the best attendance. During the entire school year they were not once absent to attend any picnic, reunion, excursion or merrymaking, the only exception being the afternoon of May 10, when their twin brothers were ill from the effect of something they had eaten and not expected to live, although they soon recovered."

No Visible Signals.

"Yessum," said Sandy Pikes as he devoured the wedge of pumpkin pie, "I sternly object to the nefarious practice of clipping off de tails of dogs."

"Ah, I am glad you are so tender hearted, my poor man," sympathized the good housewife.

"Well, it ain't exactly dat, mum, but when a dog hasn't any tail I can't tell by de wags if he is in a good humor or not, and it makes me skeery about approaching de house."—Chicago News.

Strict Truth.

May—She says she can trace her ancestry on her mother's side back to the conquest of England. Fay—That's correct. Her maternal grandmother was married in leap year to a man named England. — Catholic Standard and Times.

The Ruling Passion.

"Why didn't your daughter go to Europe to study music, Mrs. Dibbs?"

"We've got her ready to go three times, and each time she decided she'd rather stay at home and show her clothes."

Beware of inquisitive people. An excessive curiosity to know all is generally accompanied by as great a desire to tell it again.

"E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N. Cornell, Roding, Ga., Aug. 27, 1906." Sold by W. F. Creighton & Co.
